BOOK - The Irish Palatines in Ontario: Religion, Ethnicity, and Rural Migration - Second Edition

By Carolyn A. Heald.

Published by Global Heritage Press, Milton, 2009 (CD 2010)

This new book provides a broad history of the Palatines in Ontario, where they came from, where they settled, and what characterized their communities. It is not a catalogue of every Irish Palatine who settled in Ontario. However, the book does contain lists of individuals and many references to specific persons and families. In this new second edition of *The Irish Palatines in Ontario* the author has corrected known errors from the original 1994 edition and added a completely new chapter on Barbara Heck and the Loyalist Palatines plus other refinements and new material.
