

SpringTide Whale Watching & Eco Tours

You want to see whales. We have whales! The local Killer Whales, along with Humpback, Gray and Minke Whales cruise our waters throughout the year, giving SpringTide great success rates!

Attendees coming to the Loyalsits Come West 2015 Conference in Victoria will have free time to explore this beautiful city. If you like whales, we have a Special Offer for conference delegates.

The Conference Planning Committee highlights another Victoria's "Must Do" activity – Whale Watching, with SpringTide Whale Watching & Eco Tours. This is an activity

option for the attendees of the UELAC Conference 2015 in Victoria, BC this May, either pre or post conference or during your free time during the day.

Attendees and their friends & family will automatically receive our 30% discount by just mentioning their conference when they reserve directly with SpringTide, either through mentioning that you saw the advertisement poster at the Registration Table, or via telephone, on our website or by email, whichever is most convenient.

SpringTide is a family owned and operated business successfully operating in Victoria, BC for more than 20 years. We are conveniently located on Victoria's beautiful Inner Harbour and are just minutes' walk from the Coast Victoria Harbourside Hotel & Marina.

SpringTide is a family affair. – Dan and Joanne – have been the proud operators of this whale watching business for twenty years. You might be wondering how they ended up in the world of whale watching.

As whale watching gained in popularity during the early 90s (thanks, Free Willy!), they shifted over to offering their guests outstanding wildlife viewing experiences. They have not gone far from their roots, though; they still run charters for sport fishing. Captain Dan is widely known for his fishing acumen. (They think it must be all those years growing up in Campbell River.)

The thing the owners love the most about their business is that they get to help people's dreams come true. Everything Dan and Joanne do as an organization is geared toward the pleasure and enjoyment people derive from their whale tours. Folks travel from far and wide to come to Vancouver Island in the hopes of seeing the whales, and they consider it a privilege to be able to take guests to the places where they can do just that. They hope you will take the opportunity to join them, too.

Top 10 Reasons to Choose SpringTide

- 1. Outstanding Access to Local Marine Life**
